A Letter from Philippines by Theodore Johnson.

Cebu, Philippines, Isl, Co. I, 19 Inft. Oct. 12, 1899 Dear Father and Mother:

Everything O. K I have the pleasure of writing and nforming you that your son has ithe credid and has been in three battles with the Philipinos. The Company that I am in was in the thickest of the battle and not a man received an injury.

Our company and 64 men were out yesterday and we were attacked by the Humbrey; which we made fly and captured three fine forts and several smooth bore cannons. Last Sunday a week ago our captain took his men over one of the worst hills on the Island. You remember the hill just in front of Alex Doyles house the hill was about twice as steep and almost ten times as high, it would come to a point and sloap for about 50 yards and then another great big hill would start. I made the trip as well as any of them. It took us five hours to climb the hill and it had timber on it and great big ledges of rock something like Lookout Mountain only higher. We stayed out two days on three small pieces of side meat and thirty two hard tacks.

This is certainly a healthy Island and has a population of about 500 000. The town is situated on North end of the island and the island lies east of the Negris Island. The you will please inform your corres-Humbreys are no good, they are pondent at Eusebia P. They soon saw we meant business and they pulled their freight. They could see a great string of men coming from almost every direction and thought they were surrounded which they were almost and they threw their rifles and cannons away and fled. They use what is called a bolo, a knife body in two. The knife resembles the crooked butcher knife you use it is about two feet long and weighs about 21/2 or 8 pounds. We are camped in a valley called Pleasant and is a very pretty place, we made floors out of bamboo and stretched our shelter tents over them, we have a fine healthy camp close to water, but we have so much duty to perform that we can't enjoy life much, our only enemy over here is the hills and mosquitoes. I have just came in from an out post and I am lying down and writing with a Philippino pencil which I found to Untia. in a shack. Our camp is about 15 miles from the town and we do not get to mail letters often. I havn't exagerated the least bit in this letter and will write more next time.
